MEMORANDUM FOR THE RECORD

Morning Meeting of 4 May 1966

The DCI agreed to Houston's suggestion that he meet with Rivers tomorrow morning in the latter's office.

The DDCI initiated a discussion of the question of Agency contracts with academic institutions. He questioned the necessity of having any of these maintained through direct contact. The DCI agreed with this suggestion. (See Action item 1)

R. Jack Smith reported that the Agency NATO Task Force on Intelligence Collection would be reporting to USIB later this month. He tabled a chart which showed a ChiCom POL facility which, over the course of a year, had been expertly camouflaged. He noted that the DDI had briefed the DDP yesterday for better than two hours in connection with the inter-directorate program.

Godfrey reported that readout from the latest CORONA shows a new delta-wing development aircraft had shown up in the USSR. He stated that OCI still believes that Mao is probably ill.

Kent requested guidance as to whether an ONE memo on South Africa/Southwest Africa should be coordinated as a SNIE before the International Court of Justice decisions next month on this question. R. Jack Smith said he would review the paper and make a recommendation to the DCI.

Sheldon reported that the CORONA launch yesterday was a failure.
